APRIL 18, 1986

MESSAGE FROM THE GOVERNOR

MR. SPEAKER:

I am directed by the Governor to return herewith: House Bill No. 1671, with his veto.

WILLIAM H. INMAN,
Counsel to the Governor.

Dear Mr. Speaker:

I am returning House Bill 1671/Senate Bill 1761 with my veto.

This bill could permit payroll deductions for dozens of employee associations or unions on the state's 25 university, college and technical institute campuses.

This is bad policy and sets a bad precedent. There is no limit on the number of members any such employee association or union must have. So conceivably organizations with as few as a dozen members would be entitled to the deduction.

INTERIM ACTION--APRIL 18 - MAY 13, 1986

The Legislature has always strictly limited payroll deductions. There is good reason for its attitude. Deductions could lead to a variety of solicitations that would not be beneficial to employees or their productivity. Credit unions, many other employee associations and many charitable purposes have been denied requests for such dues deductions.

I hope that the Legislature will agree that it would be better to continue the long-standing policy strictly limiting payroll deductions for employee associations or unions and will not begin to undercut that policy by this exception which could prove to be a very large loophole.

Sincerely,

Lamar Alexander

MESSAGE FROM THE GOVERNOR

MR. SPEAKER:

I am directed by the Governor to return herewith: House Bill No. 1545, without his signature.

ERNEST PELLEGRIN,
Counsel to the Governor.

Dear Mr. Speaker:

I am returning without my signature House Bill 1545/Senate Bill 1325 which gives extraordinary pay raises to employees in all job classifications of the Tennessee Wildlife Resources Agency.

I am doing so in order to remind the legislature that this is the fourth time in the past three years in which a group of state employees has bypassed normal salary procedures by hiring a lobbyist and obtaining by legislation a pay raise that other state employees do not receive. If this practice continues, it will again plunge the state employees' pay system into the "different-pay-for-the-same-job" chaos that I found when I came into office.

Sincerely,

Lamar Alexander

House Bill No. 1545 becomes law without the Governor's signature, as authorized by Article III, Section 18 of the Constitution of the State of Tennessee.

MESSAGE FROM THE GOVERNOR

MR. SPEAKER:

I am directed by the Governor to return herewith: House Bill No. 1385, with his approval and line item vetoes.

ERNEST PELLEGRIN,
Counsel to the Governor.

Dear Mr. Speaker:

I am returning Senate Bill No. 1477/House Bill No. 1385, which I have signed with the deletion of two items in accordance with Article III, Section 18 of the Tennessee Constitution.

1. I have vetoed Section 12, Item 43, the \$50,000 appropriation to "conduct a study on the feasibility" of building an "athletic stadium" in Nashville.

Our new tax dollars are for better schools, not bigger places to play football.

INTERIM ACTION--APRIL 18 - MAY 13, 1986

The state has never spent a penny for a football stadium, (although East Tennessee State built its basketball arena in such a way that football can be played there). They have been paid for with local money or proceeds from athletic programs.

This "\$50,000 study" will sooner or later cost taxpayers at least a half billion dollars. The only justification for using Memphis and Chattanooga tax dollars to build a football stadium in Nashville is if all of the other eight public universities get one, too, or an equivalent amount of money for their athletic program.

This happened with basketball arenas. Middle Tennessee State University got one and eight other universities then got one, with tax dollars. Football arenas are much more expensive; the Minneapolis Metrodome cost \$72 million, the Indianapolis Hoosierdome cost \$65 million, the Seattle Kingdome cost \$60 million and the Pontiac, Michigan Silverdome cost \$63.5 million, not counting roads and other improvements.

The cost of a new football stadium for all nine public universities with football programs will be at least \$500 million, more than the state has spent on capital equipment, buildings, and laboratories at all our state universities and community colleges in the last twelve years.

This is the first time in 15 years the Legislature has been able to fund 100 percent of the academic needs of higher education. Even then, THEC asked for \$60 million in spending on equipment that we could not accommodate. Every penny we spend on football arenas with dollars that should go for better schools will slow Tennessee's progress and deny Tennesseans jobs.

2. I have also vetoed Section 12, Item 50, which appears to provide a tax refund for one company that filed its tax refund claim more than one year late. The Attorney General has issued an opinion that this item is unconstitutional because it suspends the general law for the benefit of a corporation.

Although corporate franchise tax receipts will be less than expected for this year, the budget appears in balance if the revenue estimates of the Finance Committees and the Administration hold true. Therefore I have made no other vetoes. Even though the budget includes a number of items I did not recommend, I find only two fundamentally objectionable.

Sincerely,

Lamar Alexander
